ur COVID Testing Day is Tuesday!

Dear Playa Vista Family,

We had a bit of a bumpy return from Winter Break what with the Daily Pass being down on Monday, the identification of positive cases, and close contacts needing to be notified. **My sincere thanks for the parents who volunteered their time on Monday and for your cooperation, patience, and understanding.** You are very much appreciated! I'm looking forward to having students you have had to stay home this past week, return on Tuesday.

To help understand the **new LAUSD guidelines for isolation and quarantine, two info-graphics follow the newsletter.** One goes through the steps for students who test positive for COVID and need to isolate. The other goes over the protocols for students who are close contacts and need to quarantine. I hope you find them helpful and as always, let me know what questions you may have.

Yes! **It's time for school tours!** Our first tour is this Tuesday and under the present circumstances, it will be a virtual tour. It is hoped that the COVID surge will subside soon and tours can be held in person. If you know of any **families that may be interested in attending a tour, they may sign up on our website playavistaschool.com**

Along with school tours, **enrollment for the 2022-2023** school year begins in just a few short weeks! We begin the week of February 7th with the **siblings** of currently enrolled students. Then,

Playa Vista Elementary

the week of March 7th, we'll begin to enroll new families who are residents of Playa Vista. During this same time, we begin to take applications from interested LMU families. These families are put on a wait list as their enrollment is contingent upon space available.

It was a mystery this past week where our **Lost and Found racks had gotten to but I found them!** I'll have them out for you on Tuesday.

Hope you're enjoying the football games like I am!

See you all on Tuesday!

With the warmest of regards,

Mrs. Johnson
